

Tests that give you the answers you need, so you know what comes next.

Answer these three simple questions to help your healthcare team determine if Guardant testing is right for you.

1 Have you been recently diagnosed with cancer?

☐ Yes ☐ No

2 Have you had biomarker testing?

☐ Yes ☐ No ☐ Not sure

3 What questions are you hoping to get answered?

☐ Did surgery remove all my cancer? ☐ What treatment is best for my cancer?
☐ Is my cancer coming back? ☐ Is my treatment working?

Guardant tests may be able to help. **Bring this to your next appointment to discuss options with your healthcare provider.**

Notes from my appointment

If you need any additional help, you can always call us at **1.855.698.8887**

Important Note: Guardant Health products should be ordered by a qualified healthcare professional, and the test results should be used by a qualified healthcare professional along with other laboratory findings.
