

Tests that give you the
answers you need so you
know what comes next.

Who is Guardant Health?

Being told you have cancer can change everything in an instant. But you and your doctor can **count on Guardant Health** throughout your cancer journey.

We offer **cancer tests and support** to help your doctor and care team better understand your cancer, and decide on the next steps in your treatment plan.

How can Guardant Health help me?

Just like no two people are the same, neither are any two cancers. Our tests take a closer look at your cancer, and answer important questions, like:

Did surgery remove all my cancer?

Is my cancer coming back?

What treatment is best for my cancer?

Is my treatment working?

We help answer these questions so that your doctor and care team can put together **the best treatment plan for you.**

Who is Guardant Health?

Being told you have cancer can change everything in an instant. But you and your doctor can **count on Guardant Health** throughout your cancer journey.

We offer **cancer tests and support** to help your doctor and care team better understand your cancer, and decide on the next steps in your treatment plan.

What can I expect?

Step 1

Your care team **sends your blood or tissue sample to Guardant.**

Step 2

Once we get your sample, **our lab will run the test right away.**

Step 3

Your doctor receives the report with information about your cancer.*

Step 4

You and your doctor discuss the results at an upcoming appointment.

Waiting is never easy, which is why we're **committed to getting your test results to your doctor quickly** so you can get started on your treatment plan.

Ask your care team if **in-home blood draws** are available in your area at no cost to you.

We've got you covered.

The last thing you need to worry about is a surprise bill. **The Guardant Access program stays on top of everything for you by:**

- ✓ Talking with your insurance company
- ✓ Calling you if your expected out-of-pocket costs are more than \$100[†]
- ✓ Checking if you qualify for financial assistance

During the billing process, you may receive an explanation of benefits (EOB) from your insurance. It's important to remember that **an EOB is NOT a bill.**

Get support throughout the entire billing process at no cost to you. Call us at **1.855.698.8887** with any billing or coverage questions.

[†]With the option to cancel the test, if desired.

*The time it takes from when Guardant receives your sample to when your doctor receives your report varies by test: 2 weeks for Guardant Reveal™, 7 days for Guardant360® CDx, 10 days for Guardant360®, 2-3 weeks for Guardant360 TissueNext™, and under 2 weeks for Guardant360 Response™.

So, what happens next?

To get started:

- 1 Sign** the back of the order form provided by your care team to enroll in Guardant Access so we can support you throughout the billing process
- 2 Register** for the myGuardant patient portal at portal.guardanthealth.com/myguardant so you can see your results
- 3 Schedule** a follow-up appointment with your doctor to discuss the results

Date: _____ Time: _____
