

Cancer Type Category	Sub-Indication
Bladder carcinoma	Urothelial (transitional cell) carcinoma (includes all histologic subtypes)
	Urachal adenocarcinoma
Brain	Glioblastoma
Breast	Invasive carcinoma (includes all histologic subtypes)
	Phyllodes tumor
Cholangiocarcinoma	Cholangiocarcinoma (including intra- and extrahepatic)
Colorectal Cancer	Appendiceal adenocarcinoma (includes all histologic subtypes)
	Appendiceal neuroendocrine tumor (carcinoid)
	Appendiceal mucinous neoplasm
	Colorectal carcinoma (includes all histologic subtypes)
Gastric/ Gastroesophageal Junction	Gastric/GE junction adenocarcinoma (includes all histologic subtypes)
Gastrointestinal stromal tumor (GIST)	GIST (includes all primary sites)
Head & Neck	Head and neck squamous cell carcinoma (HNSCC)
	Salivary gland carcinoma (includes all histologic types)
Lung Cancer	Non-small cell lung carcinoma (NSCLC, includes all histologic subtypes)
	Small cell lung carcinoma
	Lung carcinoid and atypical carcinoid tumor

Skin	Melanoma
	Basal cell carcinoma
	Merkel cell carcinoma
	Primary skin adnexal carcinoma (includes all histologic types)
	Squamous cell carcinoma
Gynecologic	Cervical carcinoma (includes all histologic subtypes)
	Endometrial carcinoma (includes all histologic subtypes)
	Ovarian carcinoma and borderline tumor (includes all histologic subtypes)
	Ovarian carcinoma/ endometrial carcinoma, dual primary
	Ovarian germ cell and sex cord stromal tumors
	Uterine sarcoma (including but not limited to endometrial stromal sarcoma, adenosarcoma, and leiomyosarcoma)
Pancreas	Pancreatic carcinoma (includes all histologic subtypes)
	Pancreatic neuroendocrine tumor
Prostate	Prostatic carcinoma (includes all histologic subtypes)
Kidney	Renal cell carcinoma (includes all subtypes)
	Renal pelvis urothelial carcinoma
Thyroid	Thyroid carcinoma (includes all histologic subtypes)
Esophageal	Esophageal squamous cell carcinoma
	Esophageal/Gastroesophageal junction adenocarcinoma

Liver	Hepatocellular carcinoma
	Combined hepatocellular-cholangiocarcinoma
Other	Carcinoma of Unknown Primary (CUP)
	Sarcoma (including all types)
